We will talk to Alexis on Friday. Are they briefing Larry or anyone else? The version I saw didn't say what we were going to do. Also from Kathy's message I wonder if they will be ready with the noa because it sounded like they were still working on the ROD.

We have a call at 9 with OFA on this. Just a heads up. I guess they feel they have to send something up before the 5th? Are we still thinking we will send a letter in mid May?
